*Dear Sam,*

I wanted to write and thank you personally for the excellent job you did at 69 High Street, Buntingford. From the outset your experience and confidence to manage the project was first class.

It was an extensive project and I was delighted that you could help us rebuild such a beautiful building from start to finish. Your choice of contractors was excellent and it was a pleasure to have all these craftsmen contribute to the refurbishment.

I would be happy for you to show any potential customers your work and I am delighted to endorse you for a job very well done. I do hope you get more work as a result of this project.

Best Wishes,

*Damian*
